

Loan Application Process

2017

- (1) An **Inquiry Form** helps us determine your eligibility for a loan and/or business assistance. Please allow up to four (4) business days to receive a response to your Inquiry Form.
- (2) The **loan application** includes business information and detailed financials. Submitting an application before the deadline is highly encouraged and allows us to review it for completeness. **Deadlines are the first business day of every month.**
- (3) A **site visit** for all conditionally-approved borrowers. Prior to this meeting, we may request additional information.
- (4) For all conditionally-approved borrowers your application, we will forward your application to a local lending partner for **final review**.

If you have questions about how to complete the application process, or would like someone to sit down and walk you through the application, or would like feedback on your financials or other business information, please contact Kira Bennett Hamilton at 617.674.2371 or kbh@thecarrotproject.org.
